

NATIONAL US INDIA CHAMBER OF COMMERCE

The Right Passage to India

presents

Engineering EXPORT -IMPORT Opportunities
for Colorado Manufacturers and Businesses

The Ritz-Carlton Denver

JUNE 1st , 2010

11.30a.m.-1.30p.m.

Celebrating the Asian Awareness Month (May)

National US India Chamber of Commerce

invites you to attend a luncheon with

Mr. Rana Roy
Resident Director, EEPC INDIA

Engineering Export Promotion Council of India in Chicago set up by the

Ministry of Commerce, Government of India

A deepening US-India partnership holds great promise for our countries and for the mountain region - for all the right reasons.

President Obama's National Export Initiative is aimed at supporting 2 million well-paying jobs here in the United States by doubling American exports in the next five years.

**The Resident Director of EEPC India will speak on
Engineering, and Manufacturing Export/Import
opportunities and for Mountain Region Businesses and
India covering Key Regulatory Information.**

Please join us in welcoming India's EEPC Resident Director, who is engaged at every level of the US-India commercial partnership to facilitate and deepen bilateral trade and investment linkages.

Tuesday , June 1st at 11:30 am

Speaker Profile

Rana Roy, a graduate in Mechanical Engineering, joined Engineering Export Promotion Council (EEPC) INDIA in 1984. Since then he has served the organization in various capacities and was also in-charge of its Regional Office in Kolkata, India and its Overseas Offices in Sydney, Dusseldorf and Chicago. Having a wide knowledge of international trade, he has been directly associated with various promotional activities of EEPC INDIA for furthering engineering exports from the country. He was also in-charge of Trade Policy matters in India prior to his second assignment in the EEPC INDIA office in Chicagoland, since August 2006.

AboutEEPC: Way back in 1955-56, the nascent Indian engineering sector was in the process of diversifying and restructuring the narrow export base of the industry and it needed a strong push - the EEPC INDIA (Formerly Engineering Export promotion Council) was set up in 1955 under the sponsorship of Ministry of Commerce, Govt. of India, for export promotion of engineering goods, projects and services from India. Initially started with a few hundreds of engineering units as a small outfit, with a passage of time it has grown to be the largest Export Promotion Council having membership of nearly 12,000 from amongst large Corporate Houses, Star Trading Houses, Small & Medium Scale Units (SME), Trading Houses, etc. Out of the total

membership of the Council, 60% constitutes the SMEs.

About NUICC : Celebrating its 5th anniversary in 2010, NUICC was formed at the request of the political and business leaders of the United States and the high level government and business leaders of India to engage public and private sectors of the respective countries to accelerate trade and investment. NUICC's mission is to promote bilateral trade between the United States and India, cultivating business relationships that result in business deals.
